How ABIME Certification Advances Your Career

Certification through the American Board of Independent Medical Examiners (ABIME) sets you apart as an Internationally recognized Independent Medical Examiner. ABIME certification represents the pinnacle of professional competency and integrity, instilling greater client confidence in your capabilities and identifying you as an experienced IME who understands the unique issues of Impairment & Disability Evaluation. Doctors certified by ABIME meet the demand for quality, impartial impairment and disability evaluations. AMA5 or AMA4 Exam will be offered from 5:00- 9:00 pm on May 10, 2026 in Sydney, Australia and requires a separate application. Please visit www.abime.org for details and the application process.

Invitation from Professor Mohammed Ranavaya, MD, JD, FRCP

Please accept my invitation to attend a comprehensive training program for the American Medical Association Guides to the Evaluation of Permanent Impairment (AMA Guides) 5th ed. In addition to the ABIME's usual high quality AMA Guides training, we are also offering the AMA Guides Complex Cases Studies based on AMA5 including Psychiatric & Internal Medicine Cases on May 10, 2026.

In addition to the ABIME's usual high quality AMA Guides training, we are also offering the 2 Workshops on Friday, May 8, 2026, the morning workshop on Causation Analysis in MedicoLegal Cases & Return to Work AND the afternoon workshop is on MedicoLegal Report Writing & Testimony Skills in the Courtroom.

The AMA Guides 5th edition training on Saturday, May 9, 2026, is specifically designed for doctors of all specialties, as well as psychiatrists, psychologists, internal medicine, physiotherapist, occupational therapist, lawyers and others who need to learn the methodology and Practical Use of the AMA5.

The Sunday, May 10, AMA5 Case Studies workshop is very useful for learning the Practical Use of AMA5 and would build upon previous days learning of AMA5 taking it to the next advanced level. This workshop will rapidly review the AMA5 methodology and then cover 20 case studies including MSK, psych and internal medicine cases that would enhance the skills beyond the initial training in the AMA5. Anyone who has attended a one- or two-day AMA5 training previously should consider attending this new and advanced Complex cases studies workshop as it would help them advance their skills in the use of AMA5.

Whether you are a beginner or experienced user of the AMA Guides, you will find this 2-day training very useful in enhancing your skills to perform a high quality, valid impairment rating using the AMA guides 5th ed. I look forward to seeing you there.

Mohammed Ranavaya, MD, JD, MS, FRCP, FFOM - President, ABIME
